

## Introduction of Boat

## Yaohua Type 420 Boat

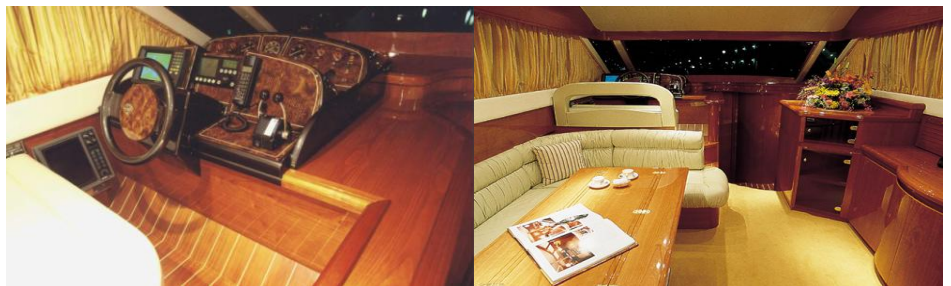

### Introduction of 420 Yacht

Yaohua 420 yacht is a guard vessel and leisure boat, which designed by our company and Italy company. It is a multi-function boat. The design of hull lines is streamlined. The cabin is designed with complete functions and superior performance.

### The structure of hull

The material of hull is fiberglass reinforced plastics. The inside and outside hull are made from unsaturated polyester resin, alkali-free chopped strand and alkali-free glass cloth. The inside and outside hull are all painted by inflaming retarding gel coat.

The yacht is composed of outer hull, anti-sinking floating body, inner hull and accessories etc.

## Yaohua 420 Yacht

Type	Yaohua 420 yacht		
Drive system	2 x 370HP		
Standard configuration			
Length	13700mm		
Width	4250mm		
Crews	12 人		
Draft	950mm		
Displacement	14t		
Water capacity	650L		
Fuel capacity	1400L		
Max. speed	32 knot		
Flag pole base	主机报警	20KG anchor	Bottom preservatives
Water pump	Life float	Electric whistle	Flag
Emergency tiller	Storage battery 220AH(4)	Mooring cavel (6)	Water heater
Magnetic compass (up, down)	Service kit of main engine	Medicine cabinet	50m anchor chain, 8MM pitch diameter
Remote control	Mooring line(2)	Electric capstan (3)	Cover of seats and instrument
pillow (4)	Sofa	Bench	Hardware components of shower in restroom
Shower	Digit sonar	Fire extinguisher(7)	Navigation light
Estaminet (2)	Microwave oven, oven	Oil-water separator	Life jackets (12)
Marine electric control, 12V&220V	Stereo system	Sound insulation of engine room	Bath and hardware components
Stainless water channel in kitch	Fuel level gauge	Bedside lamp (4)	Mattress
Sun bath mat	Boat hook	Screen window	Master cabin' s furniture
porthole (8)	Storage battery system	Collision avoidance ball (6)	Forecastle scuttle, curtain
